## If your order is for a gift...

Don't worry if you're not 100% sure about the accuracy of the information you give. You will receive a proof first, which could be presented to the owner to check the drawing. Any minor amendments can then be made before the final version is produced. That way, you can be sure they'll receive a really accurate portrait of their pride and joy. If you are happy for the recipient to receive just a proof to sort out the finer details later
